HASH SONG SHEET

THE FRONT RUNNER

(To the Tune of "The Wild Rover")

1. Well I'd been a Front Runner for many a year,
and I ate veggie food and I never drank beer.
In all of my life I had never been kissed,
and I'd never been sick and I'd never been pissed.

CHORUS

But it's no, nay, never; no nay never no more
will I be a Front Runner, no never no more.

2. Well the Grand Master said "Son, a word in your ear,
if you're into fitness, you don't belong here
and he told me some things I couldn't ignore
and I never will be Front Runner no more

CHORUS

3. He said "Up the front, pal it's no place to be,
Just stick with the short-cutting bastards like me
I never get lost and I never go fast
Cos I focus my eyes on a Harriets ass

CHORUS

4. Well the following week I stayed right at the back
and latched myself on the rear of the pack
I short-cutted left and I short-cutted right
and I drank seven "Down-Downs" and threw up all night

CHORUS

5. So now I eat junk-food and drink lots of beer
and I've bought enough condoms to last me a year
And I'm trying to catch up on the things that I've missed
But I can't get it up cos I'm always too pissed

CHORUS
