

When it's cold outside to keep the chill at bay  
 Huddle in a group till we get under way  
 Then the man arrives to brighten a dull day  
 You all know who he is, his name I cannot say.

Down at road level now is where your eyes are  
 Why should you care if you appear to be a miser  
 Next week you vow that you will become so much wiser  
 'Cos when it comes to cash you're not where all the flies are

*Throw it away, throw it away, throw it away, now.  
 Throw it away, throw it away, throw it away now*

Hares BC and Spoons, Seven Stars the venue  
 A range of beers and ales and an extensive menu  
 And so we need to leave, we cannot wait for those who  
 Always arrive so late, then get lost when they do

Haz is here after falling off his ladder  
 Doc as well, hey I couldn't be no gladder  
 Nice to you man so tell me how's your bladder  
 'Cos yet again you had out your trouser adder

*Put it away, Put it away, Put it away now  
 Put it away, Put it away, Put it away now*

If you get a chance you don't have to grab it  
 If you've got a secret don't you go and blab it  
 'Cause people talk they can't help it, it's a habit  
 So really if you must go at it like a rabbit

*Playing away, playing away, playing away now  
 Playing away, playing away, playing away now*

Hey there late man what's with all the drama  
 Its not good for you, you should be much calmer  
 Some things cannot be helped you can call it karma  
 So as you walk along enjoy the panorama

*Gotta pay, Gotta pay, Gotta pay now  
 Gotta pay, Gotta pay, Gotta pay now*
