

COMMENTS FROM HASH -PORTREITH -SUNDAY 4<sup>TH</sup> NOVEMBER

HARES -CHARLOTTE THE HARLOT & DOPEY -assisted at the Beer-Stop by Charlotte's son & his wife!

A large pack met at the Bassett Arms on a beautiful mild Sunday morning the day before Fireworks day! There was a big bonfire on the beach ready for the display that night!

Down-downs were given for 3 new runners my friend Mary, Wendy and another young man whose name I didn't get! Mary & Wendy got lost as soon as we set off as they followed the main pack instead of Charlotte & the "slow-group"!

Led by Dopey we headed off into the woods (scarey!) , by the end of the Bissoe trail instead of up the coastal path as I had expected! Luckily as it was alot flatter! A lovely trail through the woods and autumn leaves until we had a horrendous climb up a very slippery vertical bank which Charlotte insisted wasn't the route!! Horny was being very chivalrous in helping the girlies, especially Knickerless, who was struggling! I think it was his only chance to get some female attention!!

Someone had sabotaged the trail in the woods , neatly covering the flour and checks with leaves ...? The Porthlevan Hash!!! Dopey kept us right though ,and we emerged from the woods to a beautiful spot for the Beer stop opposite a posh hotel on the outskirts of Illogen with a tennis court so we could watch the match as we drank & ate lots of goodies!

On-On across a cabbage field with very large cabbages!... through the Chalet park where we saw donkeys & miniature ponies -PMT prompted them to start shagging!!

On down though more woods & we came into the suburbs of Portreith & On Inn to the pub -all Night Long had a swim in the sea -very impressive!

A great Hash , good distance- very scenic- excellent beer-stop!

DOWN-DOWNS awarded to-

Hares -Charlotte the Harlot & Dopey , when found!

Horny Flasher- accosting the girlies!

PMT- encouraging the donkeys!

Knickerless- some misdemeanour nominated by her husband!

New Naming of AIRFIX to one of our newish runners!

Also apologies for not doing comments on ALL NIGHT LONG & BROMIDE'S RUN -MONDAY 17<sup>th</sup> SEPTEMBER -Penrose Estate -Porthlevan - I've not had a chance to Hash since then!

There was only a small pack as it was the day after the Hash Canal Trip - the last Monday run too- we had a lovely run through Penrose Estate & on to the beach at Loe Bar- then a "cliff-assault" up to the Beer-stop just outside Porthlevan-there was the most amazing sunset & it was a very still & mild night -beautiful! On back through the woods using our torches to the car park -

I didn't stay for the DOWN-DOWNS as had to get back for something! Apologies again
