

Newsletter for 28th September Hash

From Harbour Inn Porthleven

Hares Furry and Dopey with a good long hash if you could find the flour - was this arranged to confuse the Porthleven Hashers. A feast at the hash halt although there was a bit of mumblings for the supposidly sausage sandwiches and no cups for those not used to drinking out of the bottle. They even arranged excellent weather.

The Run Scored 77 and the Pub Scored 96

I cannot comment on events during the hash as I lost my pen....

We had 2 visitors from Guildford Hash and 16 Hashers plus various dogs from the Porthleven Hash who were invited to join us. They seemed a bit too serious for us but no doubt we could corrupt them.
