

# **TH3 News Letter - Run no. 607**

12<sup>th</sup> December 1999

Hares - Starlight Express and virgin setter To-let

Venue - The Countryman - Piece

21 Runners

On On arrival at the car park for the off, the weather was bitterly cold, and the hare's offering of a hot cup of alcoholic coffee was welcomed eagerly - was this a ploy for more marks for the run at the end?

Dodgy start with hale stones pounding down on us, but not to miss an opportunity, Vindaloo was there at the hash halt trying to sell hash hats - in time for Xmas presents, but undeterred and the out break of better weather we all carried on. (Some of us too tight to buy a hat, but having good friends to lend them a spare).

On On over the hills and fields and on to the Carn, the trailing hare was taking her job a little too seriously, but nether the less doing an excellent job at staying at the back.

On On arrival at the hash halt we were treated to another helping of hailstones, as well as much needed refreshments to carry us on down the hill. This led to a very annoying morlaix arrow as the trailing hare had still not faltered in her duties and was very trailing, coupled with a very strict front hare, making sure we all complied.

On On to a regroup where upon some of us were treated to a shaggy dog story by Big Willy, or ~~was~~ it Wishful Thinking about a mystery pair of alien nickers that had materialised from outer space in his suitcase. It was a mystery, said Big Willy, because they were the wrong size and they came from the wrong shop!

On On back to the pub, to warm up, and to return the borrowed hats that were very welcomed on this windy, cold but excellent run.

Run Score - a good and varied run 98

Pub Score - an excellent venue and good landlord 99

Down Downs - N'trace - 150 runs

Yabba Dabba Do - 50 runs

Droop - Most runs 277
